

Mastering Skills, Enhancing Care

Consulting fees \$250 / hour

Services offered:

1. **Needs Assessment:** This service involves evaluating your current environment and identifying specific areas where VR can enhance learning or staff development. We'll assess your goals, resources, and potential challenges to tailor a VR solution that meets your unique needs.
2. **VR Strategy Development:** We will develop a comprehensive VR strategy that aligns with your educational / business objectives. This includes selecting appropriate VR technologies and creating a roadmap for implementation and growth.
3. **Content / Simulation Creation:** We specialize in creating custom simulations and supporting tools that cater to your curriculum requirements. Whether it's for experiential learning, skill development, or complex subject matter, our content is designed to be engaging and educationally effective.
4. **Curriculum Integration:** Integrating VR into your existing curriculum can be challenging. Our service ensures a seamless blend, aligning VR experiences with your educational goals and learning outcomes, enhancing the overall teaching and learning experience.
5. **Teacher Training:**
 - **One on One:** Personalized training sessions to help educators become proficient in using VR technology and integrating it into their teaching.
 - **Training Workshops:** Customizable workshops focusing on the practical application of VR in education. Priced at \$250.00 per hour for up to 4 participants, with an additional charge of \$50.00 for each extra participant.
6. **Research and Evaluation:** Ongoing research and evaluation to measure the effectiveness of VR in your setting.
7. **Budget Planning:** Assistance in planning and allocating your financial resources effectively to incorporate VR technology. This includes cost-benefit analysis, exploring funding opportunities, and creating a sustainable financial plan.

8. **Vendor Selection:** Guidance in selecting the right VR hardware and software vendors. We help you navigate through the various options, ensuring compatibility with your educational needs and budget.
9. **Compliance and Safety:** Ensuring that your VR implementation complies with all relevant standards and IT safety guidelines. This includes data privacy, user safety, and regulatory compliance.
10. **VR Showcase and Events:** Organizing VR showcases and events to demonstrate the potential of VR. This can include demo sessions, interactive experiences, and informational seminars.
11. **Project Management:**
 - **Project Management Packages:** Customized project management solutions tailored to the size and duration of your VR project, with pricing adjusted accordingly.

As a dedicated Virtual Reality (VR) Education Consultant, our fee schedule is designed to provide transparent and fair pricing for our specialized services. Please note that this rate is exclusive of any travel and accommodation expenses. For engagements that require our consultants to travel, these costs will be additional and calculated based on the location and duration of the service.

We strive to provide the most cost-effective solutions and will always discuss and agree upon all travel and accommodation expenses with you in advance, ensuring that there are no surprises. Our goal is to make the integration of VR into your educational setting as seamless and efficient as possible, while being mindful of your budgetary constraints.

Please feel free to contact us with any questions, or to schedule a consultation.
